KADUNA STATE POWER SUPPLY COMPANY

PRE-QUALIFICATION AND BIDS FOR SOLAR POWER SUPPLY TO EXISTING STREET LIGHTS AND CONVERSION TO LED LAMP

The Kaduna State Government through the Kaduna State Power Supply Company intends to provide Solar Power Supply to Existing Street Lights and Conversion to LED Lamp with the main objective of reducing the cost of electricity bills and make the cities safer for people.

Interested, qualified and reputable professionals are hereby called to submit prequalification documents and purchase bids for the Solar Power Supply to Existing Street Lights and Conversion to LED Lamp in Kaduna:

Scope of Work

- i- The scope of the work shall comprise the bidder to be responsible for retrofitting existing streetlights included in the project and provide operation, maintenance and management functions throughout the life of the agreement.
- ii- The successful bidder shall propose to KAPSCO the type, configuration and specification of the replacement LED lamp supplied by solar power as well as the plan for full integration to ensure optimal system operation. The proposed plan shall provide KAPSCO with maximum energy saving while ensuring adequate light intensity as well as functionality and flexibility for system operations in a manner that improves reliability and reduces maintenance costs.
- iii- The successful bidder shall also be responsible for replacing existing light pole hardware and cabling where needed.
- iv- KAPSCO intends to pay initial down payment and spread the balance over the period of the agreement. Therefore, the basis of the agreement to be awarded to the successful Bidder is payment upon satisfactory performance proportional to actual progress in the conversion of the existing streetlights based on payment plan proposed by the bidders and agreed by KAPSCO.
- v- Bidders are encouraged to submit their own financing plans.
